

Plastic magnet 324100 Ø12mm

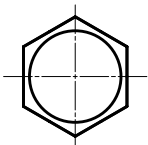

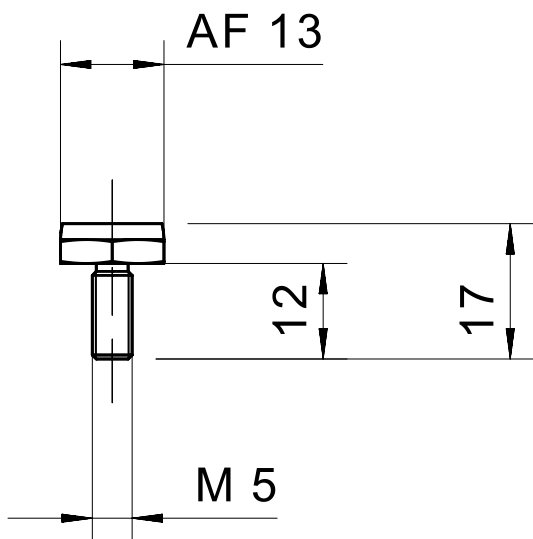

Product characteristics

- For use with magnetic sensors
- Simple installation thanks to M5 screw thread
- Large temperature range

Technical drawing

IMAGE 1/1

324100

Mechanical data

Attribute	324100
Dimensions	SW13 / H=5

Material information

Attribute	324100
Material	Messing, Kunststoff

Environmental conditions

Attribute	324100
Operating temperature min.	-20 °C
Max. operating temperature	100 °C

Installation

Attribute	324100
Mounting type	Thread
Thread	M5x12
