## Diagrams

Typ. black/white behavior

- x Range [mm]
- y Reduction of range [mm]
- A White 90%
- B Gray 50%
- C Gray 18%
- D Black 6%

**Fading: black/white error < 50 %**

The black/white error is calculated from the operating range against white and the reduction of the operating range against black:

**black/white error = reduction of the operating range against black / operating range against white x 100%**
