## **Diagrams**

### Typ. black/white behavior

- Range [mm] Reduction of range [mm]
- White 90%
- Gray 50%
- y A B C D Gray 18% Black 6%

Fading: black/white error < 50 %

The black/white error is calculated from the operating range against white and the reduction of the operating range against black:

black/white error = reduction of the operating range against black / operating range against white x 100%
